## EYES TURNED TO NORTH COUNTRY

Three Great Railways Are Securing  
Information — G. T. P. Men Re-  
turn from Trip North.

That railway directors and English are becoming deeply interested in the north country, and particularly north and west of Edmonton is evidenced by the large numbers of persons from the south who are traveling through the country getting first hand knowledge of the existing conditions.

The Grande-Ligne mission would like to its present name and hold its head office in Montreal, and of whom shall be French and the English in Montreal. The two main missions would have a total of thirty members. Of these twelve would be by Canadian association and one from each of the three main missions.

The meetings of the union would be at noon today the Windsor Hotel was quarantined for a case of smallpox which was reported to the Medical Health Office.

There was considerable discussion on the changes relating to membership union, many delegates demanding individual representation from each province.

Last reports from the north indicate that the Canadian Frank Pacific railway company are regarding this north country with increased interest, and are making plans to build a line from Edmonton through the Pine River Pass to the east, and will travel through northern British Columbia.

The staff from Athabasca has last week brought the two top prospectors, who are today staying at the hotel, and are engaged in negotiations to secure the right to appoint delegates.

Amendments to remove special representation from the association's executive committee and boards and committees of representatives from each province were defeated.

The report recommends that the president of the union should be appointed by the churches, two by each association and one from each of the three main missions.

The times and places of the meetings of the union would be at noon.

Mr. White, of Nova Scotia, and Dr. Norton, of Toronto, feared that this would be the end of the north country, as they had no place to go.

There was considerable discussion on the changes relating to membership union, many delegates demanding individual representation from each province.

Mr. Parker, of Toronto, said he believed that Mr. Parker, of the Frank Pacific, and G. T. P. men, who were very reticent regarding the purpose of their trip north, stated that they can't get along without a prospecting trip but did not care to state what the results of the trip would be.

### THE LAIRD LILAC CASE.

Judge Could Not Agree to Defendant's Plea to Justify His Conduct.

Regina, Sask., Nov. 4.—The case against him by Mr. S. C. Sifton, the man charged with the killing of his wife, was adjourned yesterday.

Mr. S. C. Sifton had contended that he had been compelled to kill his wife because she had been unkind to him.

After being adjourned until Friday morning, the trial was adjourned again.

**General**, James Wilson of Iowa, secretary of agriculture; Oscar Straus, of New York, secretary of commerce; and other members of the cabinet were present today. While it is not consistent with newspaper editor and not in accord with the general opinion of the public, it is safe to say that the president, or his associates, have decided that the president-elect, should be quoted, that announcement will come in due time. The forecast of the cabinet that will be appointed by President-Elect Taft, the statement of the cabinet, cause it to come direct from his mouth.

**London Pleased With Result.**

London, November 4.—The press of London is unanimous in its expression of a matter of general and worldwide congratulation, as it "outgives a century's record." The result has been greatly approved in England.

"The policy which Taft has inherited is a good one in a large measure accountable for the leap to the front made by the Republicans. His present position as a power among the powers is due to an unusual exertion of personal influence, an alliance with President Roosevelt."

**Expect Good Business Effect.**

The London Daily Mail, in its edition of all the big newspapers, announcing the election of Taft as President of the United States, said: "The result here at 7:30 this morning was exceptional. Interest was taken in the election, and the good effect of the election on the position situation in the United States of Taft is evident."

**Good Impression in Paris.**

Paris, Nov. 4.—The generally good impression upon the business community of this city produced by the election of Taft has been far more than offset, at least temporarily, by the reverberations of anxiety over the matter of the Cuban blockade incident. This is a case of despatch or delay in the handling of a foreign legation and who subsequently deserted. France accepted the American view of the Cuban situation should cover the question of fact whether or not German influence was behind the blockade. Germany refused that counter offer, and France declined to go into the question.

**Missouri Result in Doubt.**

Kansas City, Mo., Nov. 5.—The result in Missouri is still in doubt. The returns carried entirely upon Marion county, which is usually carried by the Republicans, were not yet in.

**Whirlwind in West Virginia.**

Wheeling, W. Va., Nov. 5.—The returns from all counties in West Virginia show the following: Huntington, 10,000; Barboursville, 10,000; Grafton (Republican), 7,604; home delegates, Republican. The results represent a vote of 30,000 for the Republicans & 6 Democrats.

**Bryan Carries Maryland.**

Baltimore, Md., Nov. 5.—Bryan has carried Maryland for the fourth year in a row.

**TIDE WAR OVER SLAVE GIRL.**

Montgomery, Ga., Nov. 5.—The tide of events has turned in favor of Bryan. The returns from all counties in Georgia show the following: Atlanta, 10,000; Macon, 10,000; Savannah, 10,000; Augusta, 10,000; Columbus, 10,000; Albany, 10,000; Valdosta, 10,000; Waycross, 10,000; Americus, 10,000; Milledgeville, 10,000; and the balance, 10,000.

**Hostiles Opened Up-Madein Is Abducted From Rich Merchant.**

San Francisco, November 4.—Two of the largest Chinese Tongs in America are at war in a way today, originating in a fight between a rich merchant's slave girl, who was abducted, two weeks ago, from her master, and the Chinese Tong, which is in the Chinese quarter on the other side of the city.

**Suey One Tong.**

Suey One Tong, reported the loss of Lee Toy, his slave girl, a week ago, to a man named Wong, who, it was believed, had been a member of the Tong. Lee Toy was working in a laundry, greengrocer at the same time, and the Chinese Tong, which is in the Chinese quarter on the other side of the city.

**Two days later the girl was brought back to this city in a cab, under the care of a Chinese Tong, who was a man, and later the Suey Ongs called for an indemnity of \$1,150.**

After a discussion, the Suey Ongs agreed to pay the amount and the Suey Ongs left with the girl.

**Details of the transaction were published in a Chinese paper and the One Vicks, claiming that the publicity of the case would bring about a bitter litigating, declared that it was being considered for trial.****My Apology Dr. Gunnsoult.**

Chicago, November 4.—A deputation to the Record Herald from Denver, Colo., says Secretary James Wilson, of Princeton, N. J., who has been reported today to have declined the offer of the presidency of Columbia University, has accepted the offer of following this decision, it is stated by a member of the Board of Regents. After that, he will be offered the chair of Agriculture, which Prof. W. G. Goss, of Chicago, one of the most eminent agriculturalists in the country, is being considered for that place. Out of seven members of the board five are said to be for Gunnison.

**Hon. Mr. Anew May Recover.**

Winnipeg, Nov. 4.—Hon. Mr. Agnew, prime minister of Manitoba, has passed the crisis and his doctor now has hope, although his condition is still precarious.

**TO-DAY'S GRAIN MARKETS.**

Winnipeg, Nov. 4.—Wheat, 50¢ per bushel, 5 to 1½ lower; Minnows, 50¢ up; Chicago unchanged; Wm. 5¢ to 10¢ lower; Barley, 10¢ to 15¢ lower; Banded by easier American markets yesterday. Morning markets on this side showed a slight decline and down to 5¢ to 10¢ under yesterday. Most of the morning they were dull, but toward noon there was a sharp sell, and word that expert business remained in a larger than reported market, which was reflected in a practically unchanged and winning market, which was very strong, except for the lower grades.

**Wheat.**

Wheat prices: No. 1 Northern, 59¢; No. 2 Northern, 54¢; No. 3 Northern, 50¢; No. 4, 51¢; No. 5, 57¢; No. 6, 58¢; feed, 7½¢; No. 1 All-purpose, 60¢; No. 2, 61¢; No. 3, 62¢; No. 3 Alberto Red, 58¢; Ontario, No. 2 Canadian Western, 58¢; No. 3 Canadian Western, 58¢; No. 4, 58¢; No. 5, 60¢; No. 2 feed, 33¢; barley—No. 2, 50¢; No. 4, 47¢; rejected, 46¢; feed, 43¢; flax—No. 1 Northwestern, 40¢; No. 1 Manitoba, 1½¢; rejected, 1½¢.

**AROUND THE CITY****LOCALS.**

Stock taking is now in progress at the city electric light department. The manager and the staff is now busy getting the accounts ready for the audit. A. Parker, who has travelled through the north country on a previous occasion, has been engaged by the Electric Light Department and is a guest at the Alberta Hotel.

**UNIONS WILL TAKE UP NOVEL BRITISH SCHEME**

Sir Christopher Furness' Offer to Make Workers in Shipyards Co-partners With Owners, in Order to Obviate Disastrous Strikes, Will Be Accepted.

London, November 4.—The press of London is in agreement in its general verdict of general and worldwide congratulation, as it "outgives a century's record." The result has been greatly approved in England.

"The policy which Taft has inherited is a good one in a large measure accountable for the leap to the front made by the Republicans. His present position as a power among the powers is due to an unusual exertion of personal influence, an alliance with President Roosevelt."

**Expect Good Business Effect.**

The London Daily Mail, in its edition of all the big newspapers, announcing the election of Taft as President of the United States, said: "The result here at 7:30 this morning was exceptional. Interest was taken in the election, and the good effect of the election on the position situation in the United States of Taft is evident."

**Good Impression in Paris.**

Paris, Nov. 4.—The generally good impression upon the business community of this city produced by the election of Taft has been far more than offset, at least temporarily, by the reverberations of anxiety over the matter of the Cuban blockade incident. This is a case of despatch or delay in the handling of a foreign legation and who subsequently deserted. France accepted the American view of the Cuban situation should cover the question of fact whether or not German influence was behind the blockade. Germany refused that counter offer, and France declined to go into the question.

**Missouri Result in Doubt.**

Kansas City, Mo., Nov. 5.—The result in Missouri is still in doubt. The returns carried upon Marion county, which is usually carried by the Republicans, were not yet in.

**Whirlwind in West Virginia.**

Wheeling, W. Va., Nov. 5.—The returns from all counties in West Virginia show the following: Huntington, 10,000; Barboursville, 10,000; Grafton (Republican), 7,604; home delegates, Republican. The results represent a vote of 30,000 for the Republicans & 6 Democrats.

**Bryan Carries Maryland.**

Baltimore, Md., Nov. 5.—Bryan has carried Maryland for the fourth year in a row.

**TIDE WAR OVER SLAVE GIRL.**

Montgomery, Ga., Nov. 5.—The tide of events has turned in favor of Bryan. The returns from all counties in Georgia show the following: Atlanta, 10,000; Macon, 10,000; Savannah, 10,000; Gainsville, 10,000; Albany, 10,000; Milledgeville, 10,000; and the balance, 10,000.

**Hostiles Opened Up-Madein Is Abducted From Rich Merchant.**

San Francisco, November 4.—Two of the largest Chinese Tongs in America are at war in a way today, originating in a fight between a rich merchant's slave girl, who was abducted two weeks ago, from her master, and the Chinese Tong, which is in the Chinese quarter on the other side of the city.

**Suey One Tong.**

Suey One Tong, reported the loss of Lee Toy, his slave girl, a week ago, to a man named Wong, who, it was believed, had been a member of the Tong. Lee Toy was working in a laundry, greengrocer at the same time, and the Chinese Tong, which is in the Chinese quarter on the other side of the city.

**Two days later the girl was brought back to this city in a cab, under the care of a Chinese Tong, who was a man, and later the Suey Ongs called for an indemnity of \$1,150.**

After a discussion, the Suey Ongs agreed to pay the amount and the Suey Ongs left with the girl.

**Details of the transaction were published in a Chinese paper and the One Vicks, claiming that the publicity of the case would bring about a bitter litigating, declared that it was being considered for trial.**

**My Apology Dr. Gunnsoult.**

Chicago, November 4.—A deputation to the Record Herald from Denver, Colo., says Secretary James Wilson, of Princeton, N. J., who has been reported today to have declined the offer of the presidency of Columbia University, has accepted the offer of following this decision, it is stated by a member of the Board of Regents. After that, he will be offered the chair of Agriculture, which Prof. W. Goss, of Chicago, one of the most eminent agriculturalists in the country, is being considered for that place.

## MANAGEMENT OF POLICE FORCE.

The chief of police has resigned, alleging that he was prevented maintaining the proper discipline in the force by interference from the commissioners. Such interference, the mayor emphatically denies, declaring that police officers were not allowed to sue the members of the "force" with the commissioners.

The case must rest with the city executive, the council being the final court of appeal. The city charter places the management and control of the police force explicitly in the hands of the commissioners, making them absolutely responsible for its efficiency. It necessarily lies, therefore, with the commissioners to say how they shall delegate this authority to the chief of police. Presuming the conditions to exist which would justify such delegation, the mayor might then be compelled, over the management practically into his hands. If they do not do so, the conclusion must be obvious that they do not care to assume complete responsibility for him. Under such conditions efficiency could scarcely be looked for.

Usually, from the logical view point, the chief should be entrusted practically with the control and direction of the force. But this is only another way of saying that the chief should be a man in whom the executive have complete confidence and for whom they are prepared to become fully responsible. It may already be the case in our. And when in their opinion it is not the case they may be presumed to have the alternative of either trying to manage the force themselves with the existing chief, or getting a new chief for whom work they are ready to stand responsible.

With the commissioners always retain the privilege of a new board of commissioners to consider whether their chief of police is a man for whom they are prepared to assume full or only partial responsibility, and to govern themselves accordingly. Men cannot be held responsible for not doing what the man shall be and the power of determining the extent and bounds of his authority under them. In this respect the appointment of a committee to consult with the commissioners in the selection of a new chief may be wise or unwise. It is the more to be considered that duty may be an adversary one all well and good, but the final selection must be with the men who have to answer for the choice.

An important feature of the present system is illustrated here: Within a couple of months the board of commissioners, by the election of a new chief, has the power to appoint a police chief and his deputies and others to the new member to consider the newly appointed head of the police department, and so far as his authority in the executive will go to maintain or remove him as he considers in the public interest, and also to determine the conditions and terms of his removal. This is all that his successor shall work. There remains the possibility of a choice made at the present time being unsatisfactory a couple of months hence, and either of the appointees being discharged or his authority curtailed in a manner which he might deem humiliating.

Whether this liability to frequent disturbance is sufficient disadvantage to call for the placing of the police department under some other supervision than that of the commissioners is a matter for consideration, and one in which the question is not all on one side. It can scarcely be said, however, that a chief of police should be subject to frequent reconsideration and his measure of authority to frequent change. But on the other hand the public are very much interested in any man coming to regard the chiefship as a "surething" life job, or coming to believe that the chief's baton is the symbol of power to run the city.

No incumbent is likely to get such ideas firmly seated under the present system. Whether it would be safe to alter it, and offer greater certainty of office and, also, definite delimitation of power is a proper subject for the council's consideration. A difficulty in the way is that some body of

elected men must in any event be responsible for the conduct of the police, the position of the commissioners, then, the council, or a committee of the council. That the occupant would be any surer of his job under such auspices or any freer from interference is by no means certain. At present, in any event, the duty and the responsibility rest with the commissioners. With them must also rest authority commensurate with the duty and the obligations.

## THEN AND NOW.

Chagrined, perhaps, at putting its money on the wrong horse, the Toronto News declared pettishly the other day:

"Willard Laurier, when his whole career is considered, has done nothing to earn the respect and understanding between the two great cities to ally sectarian feeling in Canada."

A half dozen years ago a gentleman named J. E. Willson published a book entitled, "Will Laurier and the Liberal Party." In it he penned the following paragraph:

"His name is still a synonym for a solid and a serene temperament. He has been a quiet, retiring man, who will always be slow to lay destructive hands upon the ancient landmarks. His administration has been characterized by a desire to do no harm, to disturb the ancient landmarks."

The V. V. and has been completed,

as far as Kitchener is concerned, for the sake of Alex Galt, who had taken the train to Ottawa on 25 minutes.

As work will be continued all summer, we hope to see the V. V. and then the task of building over the Hespere mountains into the Fraser river completed in 1910, with a speed comparable with all possible speed. I am informed that satisfactory gradients have been secured.

"Southern British Columbia will be the scene of unusual railway construction after the opening of the Great Northern railway is completed. Various branches will be closed down, where the line connects with North Pacific system, also connecting with the Hillman branch, will be built during the coming year."
